Good news for Nessel Township Neighbors

We've made some exciting network upgrades in your community! Working together, CenturyLink, Nessel Township, and the State of Minnesota (Border to Border Broadband Development Grant Program) brought **fiber optic cable to the doorstep** of select homes and businesses in Nessel Township. This upgrade will help meet the need for high-speed internet access and satisfy the state's goal of border-to-border broadband service availability.

As the final stage of our commitment to Nessel Township, any one-time charges associated with fiber placement to your home will be waived **if you place your order for fiber internet before May 31, 2022.**

Beginning June 1, 2022, a one-time charge associated with fiber placement may apply.

Since the completion of the fiber build in Nessel Township, many of your neighbors are already enjoying the security and reliability of high-speed internet service to their homes and businesses. Should you also decide to order CenturyLink fiber internet service, a fiber cable "drop" (typically buried alongside your driveway) will be needed.

Call us today at 1-800-469-1337 Monday – Friday 8:00 a.m. to 8 p.m. (CDT) to speak with a Customer Care Representative who will be happy to help with your fiber internet order. And remember, any one-time charges associated with fiber placement to your home will be waived for new fiber internet orders **placed before May 31, 2022.**

Sincerely,

Your Minnesota CenturyLink Team

N-22-173

Offer available to addressee, in receipt of offer, at this location only and who complete an order for a qualifying CenturyLink Fiber Internet plan. CenturyLink may change, cancel, or substitute offers and services, or vary them by service area, at its sole discretion without notice.
